Noram Lithium Engages Triforce Media Inc. to Support Corporate Communications Strategy

Vancouver, British Columbia – June 29, 2026 – Noram Lithium Corp. (TSXV: NRM | OTCQB: NRVTF | Frankfurt: N7R) ("Noram" or the "Company") is pleased to announce that it has entered into a marketing and corporate communications agreement with **Triforce Media Inc.** ("Triforce"), pursuant to which Triforce will provide strategic corporate communications, digital marketing and investor communications services in support of the Company's ongoing efforts to increase awareness of Noram and the continued advancement of its 100%-owned Zeus Lithium Project in Clayton Valley, Nevada.

As Noram continues advancing Zeus through technical studies, project optimization and development activities, the Company believes consistent communication with shareholders and the broader investment community remains an important component of its corporate strategy.

Under the agreement, Triforce will assist Noram with digital communications initiatives, corporate branding, content development, media distribution, investor-focused marketing campaigns, website strategy, social media communications and other digital initiatives designed to expand awareness of the Company and its ongoing corporate developments.

Sandy MacDougall, Founder and Executive Chairman of Noram Lithium, commented:

"As we continue advancing the Zeus Lithium Project, we believe it is important that our communications evolve alongside the project. Our objective is to ensure investors have timely access to clear and consistent information regarding our progress as we continue to execute on our development strategy. We look forward to working with Triforce to further strengthen our communications program while management remains focused on advancing Zeus."

The initial term of the agreement is 6 months, commencing July 1, 2026, unless terminated earlier in accordance with its terms.

As consideration for the services to be provided, the Company will pay Triforce CAD$15,000 per month, plus applicable taxes.

Subject to approval of the TSX Venture Exchange and the Company's Omnibus Equity Incentive Plan, Noram has also agreed to grant Triforce 1,000,000 stock options. The options will be exercisable at a price equal to the market price of the Company's common shares on the date of grant (or such other price as required by the policies of the TSX Venture Exchange), and will vest in accordance with the terms of the grant and applicable TSX Venture Exchange policies.

The engagement of Triforce forms part of Noram's broader corporate communications strategy as the Company continues advancing the Zeus Lithium Project toward the next stage of development. Triforce is an arm's-length service provider to the Company.
